

Art

The Arts program at Embers Academy seeks to develop the aesthetic sensibilities of students, so that they may delight in the beauty and glory of God. Art is an important part of a well-rounded education, forming the heart and mind to perceive true beauty and encouraging students to contribute beauty in the world around us.

Art classes are taught to all K-5th grade students on a weekly basis. The philosophy behind Embers' Art program is based upon the belief that all students learn in very different ways and everyone has gifts. Art class seeks to reach every student by helping them discover and use his or her own unique gifts.

Students are taught to identify, enjoy, and create beautiful art. They are taught basic skills with an eye towards the discovery and appreciation of beauty. Skills and concepts are reinforced and strengthened with various projects. Students are exposed to a variety of mediums - including oil pastel, watercolor, tempera painting, and collage - and they study the Elements of Art, including line, shape, color, value, texture, form, and space. In addition, students are introduced to famous artists and Art History.

Highlights for the 2023-2024 School Year:

- Exploring a few famous artists and their works
- 'Traveling' to Asia and Europe to learn about various cultures
- Adding cheer to the school halls with seasonal artwork

In the spirit of service, Embers students complete drawings for Christmas cards and create masterpieces for the Embers Extravaganza each year. Watch for their amazing artwork in the hallways when you visit school!
